

# Changes

Youngr

I'm going through changes  
In my my mind  
I'm going through changes  
In my my mind...

My heart outside my body  
And you expected that I would be fine  
I'm emotional  
Please let me be sensitive  
It makes me stronger for you and for me  
This is not my body  
Anywhere I go I'm seeing you  
Any thought I think you're in it  
My heart is beating through your lungs  
How can I know my mind?

(Know my mind  
Know my...)

I'm going through changes  
In my my mind  
I'm going through changes  
In my my mind...

I thought that I'd be the same  
But with the blink of an eye we've changed  
I'm in and out of time  
Remembering memories  
Like they are somebody else's life  
You change every part of me  
You are a part of me  
I know you are  
I see it in your eyes  
In your eyes  
I see it in your eyes  
In your eyes

(I see it in your eyes  
In your eyes)

(Changes  
In my my mind  
I'm going through changes  
In my my mind...)  
(My heart is beating through your lungs  
How can I know my mind?)  
(My my mind...)

We were asleep  
We're waking up slowly  
We were asleep  
We're waking up slowly  
We were asleep  
We're waking up slowly
