

# Childish Behaviour

Youngr

I found my old phone  
Read those old texts  
Oh what a mess I made  
I wanna go back  
I wanna change things  
I know that's a big mistake

Forgive me, darling  
Believe me, I've grown up  
Let me apologise to you

How did you put up with my childish behaviour  
You were so beautiful  
You deserved much more than I could give ya  
And who did I think I was  
I was young, I was dumb  
I was reckless, I was wrong  
How did you put up with my childish behaviour

My childish behaviour  
My childish behaviour  
My childish behaviour

Should I reach out  
Find your new number  
Maybe they'll lift this curse  
You probably moved on  
So maybe I won't  
Cause I think it'll make things worse

Forgive me, honey  
Believe me, I woke up  
Let me apologise to you

How did you put up with my childish behaviour  
You were so beautiful  
You deserved much more than I could give ya  
And who did I think I was  
I was young, I was dumb  
I was reckless, I was wrong  
How did you put up with my childish behaviour

My childish behaviour  
My childish behaviour  
My childish behaviour  
My childish behaviour  
My childish behaviour

Forgive me, darling  
Believe me, I've grown up  
Let me apologise to you  
Forgive me, honey  
Believe me, I woke up  
Let me apologise  
For my childish behaviour
