

# Disappear

Youngr

I'm done with talking and my head is full of alcohol  
I'm seeing people blurry like graffiti on the wall  
And every time I seem to find you and surrend my calls  
When it's on the line you just arrive and we escape it all

Head for another sky  
Let's just take a plane to the other side  
Stay locked away till we run out of time  
Let's run for our lives  
Come on let's go and let's disappear

We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
Let's disappear

In the backseat of the taxi you don't say a thing  
Our conversation is the way we tangle skin on skin  
And every draft will be so amplified our love to sound  
But while our sight couldn't be further from where we are now

Head for another sky  
Let's just take a plane to the other side  
Stay locked away till we run out of time  
Let's run for our lives  
Come on let's go and let's disappear

We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
Let's disappear

Head for the rivers  
Watch the water fall  
Feeling your shivers  
As our body fall as one  
Lost in the vision  
In our own atmosphere  
So tell me where you wanna go

And let's disappear

We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
Disappear  
Dis-disappear  
Disappear  
Dis-disappear  
Disappear  
Dis-disappear  
Dis-dis-disappear

And let's disappear  
We disappear  
Dis-disappear  
Dis-dis-disappear  
We disappear  
Let's disappear  
Dis-dis-disappear  
Let's disappear
