

Flesh & Bones

Youngr

Don't play with fire
Or you'll get burned, don't you know?
The flames rise higher
Welcome to the show

I feel it in my heart and soul
I think I might just lose control
This feeling takes me right back home
It runs deep in my flesh and bones

Don't play with fire
Or you'll get burned, don't you know?
The flames rise higher
Welcome to the show

I feel it in my heart and soul
I think I might just lose control
This feeling takes me right back home
It runs deep in my flesh and bones
