Youngr

Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time  
Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time

Give it up, give it up  
Give it up, give it u-up  
Give it up, give it up  
Give it up, give it u-up

Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time  
Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time

Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time  
Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time

Give it up, give it up  
Give it up, give it u-up  
Give it up, give it up  
Give it up, give it u-up

Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time  
Give it up, give it up  
You know what's on my mind  
Give it up, give it up  
You've been a-wasting too much time

On my mind, you know, on my mind  
On my mind, you know, on my mind  
On my mind, you know, on my mind  
On my mind, you know what's on my mind
