

# Heaven

Youngr

Is my love enough to make you feel like Heaven?  
Is my love enough to make you feel like  
Ooh, yeah, yeah

Come on, let me ease your mind  
Everything's gon' be alright  
Dry your eyes and wipe those tears away  
Even after all this time  
You can do it, draw the line  
Dry your eyes and wipe those tears away

Come on, talk to me some more  
Tell me what you're worried for  
Don't you wait and wish your life away  
Come on, talk to me some more  
I'll show you what you're lookin' for  
Don't you wait and wish your life away

Is my love enough to make you feel like Heaven?  
Is my love enough to make you feel like  
Ooh, yeah, yeah

Is my love enough to make you feel like Heaven?  
Is my love enough to make you feel like
