

Lost In Translation

Youngr

Hola, ç'est bon, ça va, konnichiwa (tu dances ce soir)

Woke up with a hazy head, we're stuck in my bed
She don't say my name right, she thought I was American
And I know it's no secret, we want to repeat it
So let's let the good life go on and on, on and on

We're so lost in translation, there's no conversation
But you're speaking my language with the look in your eyes, yeah
We already know that we're not going home, no
It's such a beautiful night when you say

"How does it feel?" Yeah, it feels alright
"How does it feel?" Yeah, it feels alright
"How does it feel?" Yeah, it feels like
A few beers and a sunset and you by my side
You're saying

Hello, c'est bon, ça va, konnichiwa, tu dances ce soir
Hello, c'est bon, ça va, konnichiwa, tu dances ce soir
Hello, c'est bon, ça va, konnichiwa, tu dances ce soir
Hola, c'est bon, ça va, konnichiwa, tu dances ce soir

She dances to the beat so funky, moves like a late-night junky
She tries to sing along to her favorite song
She don't make it no secret
She's good on the eye, dressed to the night
Let's let the good times go on and on, on and on

We're so lost in translation, there's no conversation
But you're speaking my language with the look in your eyes, yeah
We already know that we're not going home, no
It's such a beautiful night when you say

"How does it feel?" Yeah, it feels alright
"How does it feel?" Yeah, it feels alright
"How does it feel?" Yeah, it feels like
