

## September Sun

Youngr

September sun  
Rooftop loving  
We're on the run  
But baby where we running?  
They say we're only young  
But somethings gotta give  
But maybe I don't love you like I did

I call you up  
We're talking nothing  
I guess we're stuck, stuck in something  
Can't put my finger on it  
I don't know what this is  
So maybe I don't love you like I did

Can't make my mind up  
But I think you'll find that  
That maybe I don't  
Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did

November rain  
Cloud has lifted  
I'm feeling changed  
I'm feeling different  
I'm feeling like, like I wanna live  
Maybe I don't love you like I did

Basement raves  
Until the morning  
I'm wide awake  
This city's jumping  
Got plans to break  
Empty promises  
But, maybe I don't love you like I did

Can't make my mind up  
But I think you'll find that  
That maybe I don't  
Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did

Maybe I've been thinking [?]  
Cause lately I've been thinking [?]  
Cause maybe I don't love you like I did

Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did  
Maybe I don't love you like I did

I can't make my mind up  
I think you'll find that

That maybe I don't  
Maybe I don't love you like I did

September sun  
Rooftop loving  
We're on the run  
But baby where we running?  
They say we're only young  
Somethings gotta give  
Maybe I don't love you like I did
