

Two Monkeys

Youngr

It's the feeling in your heart
When you feel like you don't got no enemies
Keep your dreaming it's all you've got
When your life feels like it's got no melody
I like you, you like me, we're k i s s i n g like
Oh la la la oh la la la oh
I like you, you like me, like two monkeys in a tree
Oh la la la, oh la la la

We're singing: oh la la lay yeah oh yeah oh
We're singing: oh la la lay yeah oh yeah oh

We're singing: oh la la lay yeah oh yeah oh
We're singing: oh la la lay yeah oh yeah oh

It's the ocean and the streams
Every drop of water's just like you and me
So keep your head up above the clouds
And you'll see the stars and all life's mysteries
I like you, you like me, we're k i s s i n g like
Oh la la la oh la la la oh
I like you, you like me, like two monkeys in a tree
Oh la la la, oh la la la

We're singing: oh la la lay yeah oh yeah oh
We're singing: oh la la lay yeah oh yeah oh
We're singing: oh la la lay yeah oh yeah oh
We're singing: oh la la lay yeah oh yeah oh

We've come come come along way
Throw those troubles away
You just came for the day
Now you're here to stay
Come come come along way
Throw those troubles away
You just came for the day
Now you're here to stay
Come come come along way
Throw those troubles away
You just came for the day
Now you're here to stay

Now you're here to stay!
