I'm doing well
I haven't even skipped meals
It's just that time has stopped
So I don't even try to get over you

You were right, it hurts so bad
But I'm doing just fine
Besides the fact that the loneliness bothers me a little
I miss you a lot

When I'm walking down the street
I miss your warmth
That used to wrap around me
I miss the love we had
That gave us butterflies as we walked together
I miss those times, I miss you a lot

Storm clouds come to me, making it dark
Making my heart that was alright, not alright
Do I have to get over you?

When I'm walking down the street
I miss your warmth
That used to wrap around me
I miss the love we had
That gave us butterflies as we walked together
I miss those times, I miss you a lot

I'll be a withered flower
My heart will be torn
I will break down
If you leave
I'm here all alone
Acting like I'm fine but crying my eyes out

When I'm walking down the street

I miss your warmth
That used to wrap around me
I miss the love we had
That gave us butterflies as we walked together
I miss those times, I miss you a lot
