When the alarm suddenly rings
My heart skips a beat and starts pounding, oh
When you call my name
On the ceiling of my empty room
I draw your face, how pretty you are
So precious, every minute, every second
Let me hear it, you pretty voice
Honey, yeah

Always, my ringtone is same, tell me
When I hear it, it gives me butterflies
Too much, my heart can't take it
Phone is not what's ringing, it's my heart

Oh, when you call me I'm ring ring
One time, first, take a deep breath
Two time, clear my throat
Three time, I will tell you every night
Good job today, boo

Before I answer your call (Hm-mm)
To answer with a cool voice
I need just a bit of time (Hello?)
Why do I look at the mirror? It's a call
Why do I ready to go out? It's too late
When it's time for your call
I wait for you like a fool, I'm fool
