I'm curious, I wanna know more
But I'm still hesitant, not sure if I should go
What's behind that blue smile?
Oh, I imagine it every day
I stir up rough waters

I wanna know more
I want to fall deeper into the ocean
It pulls me in irresistibly
Into the blue light where the sunlight glistens
Now I throw myself in, splash

Woah, woah, woah, woah, waterfall
Like a waterfall
Woah, woah, woah, woah, waterfall
Ayy, you're so beautiful
Drawn in by the spreading blue light
I paint this moment with you
Woah, woah, woah, woah, waterfall
Pushing me away, I lose my words

Everything's new and mysterious (New)
Show me everything, yeah
Now I'm all ready, that's for sure
I swim freely in your ocean
Among the glittering sand
All the coral reefs and tropical fish
Ride the waves, step up, then move and I'm beggin'
Yeah, we can't go back, yeah, we can't go back, what?

Now I want you day and night
This strange sensation I discovered
Got me addicted, no
Into the blue light where the starry sky glistens
I throw myself in once again, splash

Woah, woah, woah, woah, waterfall
Like a waterfall
Woah, woah, woah, woah, waterfall
Ayy, you're so beautiful
Drawn in by the spreading blue light
I paint this moment with you
Woah, woah, woah, woah, waterfall
Pushing me away, I lose my words

Even if a tidal wave crashes on me
Even if a storm blows through
Doesn't matter, I'll overcome them all

We just feel it, both falling in
Breathing amid the tension (I'm falling deeper)
I won't hesitate today (Yeah)

Jump into the ocean
My emotions are turning blue
I want you more and more
I want to float in your arms all day (Oh, yeah)
Jump into the ocean
My emotions are turning blue (Oh)
I want you more and more
I throw myself in freely, splash

Oh, woah
Into your beautiful deep sea, I dive
