

Rooftops REMIX

Your Broken Hero

I need you now
Gonna shout it from the rooftops
Shout it from the rooftops
I'm freaking out

I'll set aside my pride girl
Just to let you know how I feel
You're the only one in my world
Won't you let me know, is this real?

This could be a big mistake
But I gotta take a chance
Hold my heart before it breaks
'Cause it's slipping through my hands

I need you now, gonna shout it from the rooftops
Shout it from the rooftops
I'm freaking out, I know what I want
And what I got just ain't enough

Never felt this kind of thing
Someone show me what it means
I need you now, gonna shout it from the rooftops
Shout it from the rooftops

I can't escape the thought girl
Of losing you forever
Like every star, one of a kind girl
Let you go? I would never

This is undeniable
Like a fire burning red
Forget you? That's impossible
When you're stuck inside my head

I need you now, gonna shout it from the rooftops
Shout it from the rooftops
I'm freaking out, I know what I want
And what I got just ain't enough

Never felt this kind of thing
Someone show me what it means
I need you now, gonna shout it from the rooftops
Shout it from the rooftops

I shout it from the rooftops
I never heard my heart beat before
You gave me a reason to love
Don't take that away from me
Don't take that away from me
Don't take that away from me
You gave me a reason to love

I need you now, gonna shout it from the rooftops
Shout it from the rooftops
I'm freaking out, I know what I want
And what I got just ain't enough

Never felt this kind of thing
Someone show me what it means
I need you now, gonna shout it from the rooftops
Shout it from the rooftops
