

## Mr. Revival

Your Smith

Hard on ya but let the future ride  
Let the fire through the door  
Through the door  
Not only when the feeling's right  
When the when the feeling's right  
What you waiting for?

You could keep it copasetic  
Run off the old regrettin'  
Keep going  
Keep going  
You could try another lover  
But what you might discover  
Is lonely  
Is lonely

Mr. Revival, hand in the fire  
Take it on up come on  
Take it up higher  
Mr. Revival, Mr. Revival  
Come on won't you make a man out of me?

Mr. Revival, hand in the fire  
Take it on up come on  
Take it up higher  
Mr. Revival, Mr. Revival  
Come on won't you make a man, make a man out of me?

Fall forward don't be so delicate  
We all gotta hit the floor  
Hit the floor  
You'll stand taller when you win the fight  
When you when you win the fight  
What ya waitin' for?

You could keep it copasetic  
Run off the old regrettin'  
Keep going  
Keep going  
You could try another lover  
But what you might discover  
Is lonely
