

About Leaving

YOURCODENAMEIS:MILO

There's a constant pressure in the air
And I've thought about leaving
But I like it right here
Like it right here
Like it right here
The neighbours won't back down
Automatic lies they tell you
The department's been let down
But I like it right here
Like it right here
Like it right here
So hold your breath
Oh, the neighbourhood
Would bend the truth of this town
But I'm staying strong
If I like it I will hold on
Right now there's something else

That we should be obsessed about
And enjoy what it brings
Confessed you gave it all away
Destruct your thoughts, don't have a say
If it's on your mind
On your mind
On your mind
Don't let them burn away
Oh, the neighbourhood
Would bend the truth of this town
But I'm staying strong
If I like it I will hold on
Right now there's something else
That we should be obsessed about
And enjoy what it brings
I'm staying strong
If I like it I will hold on
Right now there's something else
That we should be obsessed about
And enjoy what it brings
