

Half Of Me

Yours Truly

If it means to be away from you then
That's ok with me
Because nothing feels the same as it does
When you're close to me
The sun doesn't rise or set
It doesn't mean a thing
Because there's no end today
Just pillows and sheets

I wanna know if I'm tracing over
All your scars help with your closure
I wanna know all your plans and dreams
And why your dreams mean more

I got another half of me
Miles away
And now I'm longing something I can't feel
At times I need you here to know it's real
You don't know the half of it
Till you're caught in the same
And is there comfort with the absence here
While I watch it circle the drain

I know you hate when I'm a mess
I tend to overthink
Why am I always afraid that one day
You'll give up on me
It's too hard and never works
That's just something people say
But I'm still holding on
I'm still holding on

I got another half of me
Miles away
And now I'm longing something I can't feel
At times I need you here to know it's real
You don't know the half of it
Till you're caught in the same
And is there comfort with the absence here
While I watch it circle the drain

The half of me

You know I miss you all of the time
I know I'm safe when I feel your touch
I wanna feel it
I wanna feel it again

I wanna know if I'm tracing over
All your scars help with your closure
And this is tougher than I thought
But I want you to know

I got another half of me
Miles away
And now I'm longing something I can't feel
At times I need you here to know it's real

You don't know the half of it
Till you're caught in the same
And is there comfort with the absence here
While I watch it circle the drain
