

I Can't Feel

Yours Truly

I don't know if I'm feeling right
Like this is something that's in my mind now
There's no signs, there's no symptoms here
I'm aching in my bones, it's getting out of hand

But I'm not afraid of this
If only I could put this mind to rest
My days blend into one another see
Give me a moment to step back and breathe

I always feel like giving up
Feeling tired, out of luck
Let me tell you that I've had enough
I wish that I could sleep at night
Close my eyes and feel alright
But my conscience, it has other plans, and I

And I don't know if I'm feeling right
They tried to tell me it was in my mind, and I've
Been sleeping for days on end
Getting told to get out of my bed and move forward

I can't explain the pain
I'm fucking over it

I feel like giving up
Feeling tired, out of luck
Let me tell you that I've had enough
I wish that I could sleep at night
Close my eyes and feel alright
But my conscience, it has other plans, and I

I can't feel anything else
But my heartbeat's soaring
I always feel like giving up
Feeling tired, out of luck
Let me tell you that I've had enough
Yeah I've had enough

I'm not afraid
If only I could put this mind to rest

I always feel like giving up
Feeling tired, out of luck
Let me tell you that I've had enough
Wish that I could sleep at night
Close my eyes and feel alright
But my conscience, it has other plans

And I can't feel anything else
But my heartbeat's soaring
I always feel like giving up
Feeling tired, out of luck
Let me tell you that I've had enough
Yeah I've had enough

I'm sick of waiting for a change

That will never come my way
When I tell you that I've had enough
Yeah I've had enough
