

Love Feels Like

Yours Truly

I wanna know what love feels like
I wanna know what love looks like
I wanna feel it even just for the night

Doesn't have to be
Real, we can pretend
When the lights are low
You would never know
'Cause I played it all out inside my head
When I'm in my dreams
Never wanna leave

Oh and I wanna know what love feels like
Oh and I wanna know what love looks like
Oh and I wanna feel it even just for the night

(I wanna fall in love, what does it feel like?)
(I wanna fall in love, what does it feel like?)

(I wanna fall in love, what does it feel like?)
(I wanna fall in love, what does it feel like?)
