

Undersize

Yours Truly

Oh down the drain wash it away
Just like stormwater
Let it strip you of the things
You wish you didn't notice
It may take some time
Our waterways don't always flow the same
The same

And I swear you'll see it bloom
(Never the same, never the same)

Hold your virtues now
Searching for blue butterflies
(Never the same, never the same)
Try to stay afloat
While you're swimming in pools
Treading undersize

And don't you drown I'm counting on
Seeing you get wiser
And when the tides too hard to bear
This is a reminder
You can't stare at the sun
And hope it never fades it still gets dark
Gets dark

But there's still light from the moon
(Never the same, never the same)

Hold your virtues now
Searching for blue butterflies
(Never the same, never the same)
Try to stay afloat
While you're swimming in pools
Treading undersize

Find an ivory tower
Cover yourself in the wind it's closing in
Spiral in your atmosphere
Can you take things slowly
Nothing grows over night

And I swear you'll see it bloom
Never the same, never the same

Hold your virtues now
Searching for blue butterflies
(Never the same, never the same)
Try to stay afloat
While you're swimming in pools
Treading undersize
We're just swimming in pools
Treading undersize
