

## Keep It Simple

Youth Brigade

I have got to keep things simple  
We're living on the outskirts of a dying society

Technology has become the new religion and it's killing  
us  
Is it so hard to see we can't continue? Got to simplify  
our lives

I know it's easy to talk  
I don't claim to have solutions, but I think I have  
ideas to start

Technology has become the new religion and it's killing  
us  
Is it so hard to see we can't continue? Got to simplify  
our lives

Take a look at the past!

Technology has become the new religion and it's killing  
us  
Is it so hard to see we can't continue? Got to simplify  
our lives  
(2x)

I want you to really listen  
To your world, to your life, to the things you can't or  
won't understand

Cos now is a time of crucial importance and it's up to  
us  
We must truly change our whole way of living or be the  
death of life
