

Good Time

Youth Group

I had myself a good time
And now I don't feel like myself.
I had myself a good time
And now I don't feel like myself.

I went down to the railyards
To buy myself some time.
The sky there goes on forever,
It feels like you're at the end of the world.

I had myself a good time
And now I don't feel like myself.
Will this feeling go on forever'
I feel like it's been long enough.

I take a little walk out
To see what all the fuss is about.

I woke up in the gathering rain.
I woke up to a darkening stain
And it won't come out.
