

Mercury

Youth Lagoon

Steal my words
In the world, I'm afraid
All the life that I made
In the world I won't stay

Does heaven glow?
Does heaven glow?
Glow like mercury
Does heaven glow?
Does heaven glow?
Glow like mercury

Heal my hurt
With the love that I gave
Will the loneliness fade?
In the world I won't stay

Does heaven glow?
Does heaven glow?
Glow like mercury
Does heaven glow?
Does heaven glow?
Glow like mercury

Break out the counterfeit
No one but television listens
Rage will never survive
Draw the drapes while you shield your eyes
And bury in blue
Block out the shine
It will still melt
It happened to mine

Does heaven glow?
Does heaven glow?
Glow like mercury
Does heaven glow?
Does heaven glow?
Glow like mercury

Steal my words
In the world, I'm afraid
All the life that I made
In the world I won't stay
