

Take A Stand

Youth of Today

I see you hide
Do you have pride
Afraid to share what's inside
You've been walked right by
A real nice guy
Overlooked and shoved aside
Can't hear your voice back in the crowd
Move up fornt and shout out loud!
Take a stand!
Take a stand, say what you feel
Be who you want, but be for real!
Voice your opinion,
Don't just sit still
Speak your mind at your free will
Take a stand!
Stand your ground
Don't let the world push you around
Take a stand!
Stand your ground
Don't let the world push you around!
