

Garment Of Praise

Youthful Praise

God has given me a garment of praise
For the spirit of heaviness, gave me a praise
To render when I'm discouraged
It helps to keep problems from destroying me
It helps to keep my mind and spirit at peace
It's a garment of praise
Oh a garment of praise
Even when I'm feeling discouraged
I still say Hallelujah
Even when I'm sick in my body
I'll still give all the glory to Ya
Even when things don't go my way
I'll still give You the praise, continually,
I'll belss Your name
For my victory is in my praise
You might see me and wonder
Why I haven't lost my mind
When I've been through all I say
I've been through in such a short while
Don't be surprised
It's just that I've got a garment of praside
I've got a garment of praise
Garment of praise
Don't be surprised
It's just that I've got a garment of praise
