

Powerful God

Youthful Praise

How did I make it out
Of all the things that I was in
Almost lost hope
I saw no way that I could win
Then you rescued me
I should have never doubted you
My savior
You've always been able
But now I believe
I have seen your ability
Lord you have proven to me
That you're a powerful, powerful God (Repeat)
Yes He can solve any test
There's nothing He won't do for you
There is none that's too hard
For a powerful, powerful God
Oh Oh Oh...
Oh's (3 part harmony)
He's a powerful God
Yes yes
Power
Yes
