

# Resting On His Promise

## Youthful Praise

My father promised to supply all my needs\*  
With His riches and glory  
'He gives seed to the barren'  
And food and famine  
So I know that he'll take care of me

Jirah, who he is  
Providing is, what he does  
He wont let me lack, wont let me beg  
Cause I'm his child, and he loves me  
I'm resting on his promise  
I know he working it out for me  
I'm resting on his promise  
I know, that God is covering me  
My fathers' rich, in houses and land  
With power all in his hand  
No recession, depression, or repossession  
And with hope, the blessings he has for me

Jirah, who he is  
Providing is, what he does  
He wont let me lack, wont let me beg  
Cause I'm his child, and he loves me  
I'm resting on his promise  
I know he working it out for me  
I'm resting on his promise  
I know, that God is covering me  
Go to sleep at night, don't worry  
Your bills will be paid  
Ways will be made  
Put you mind at ease  
Cause your father  
Wont leave nor forsake you  
Go to sleep at night, don't worry  
Doors will be opened  
That you thought were closed  
Put you mind at ease  
Cause your father will  
Never leave you nor forsake  
Your covered, don't you worry  
Your covered, don't you worry  
Rest, on his promise  
Rest, on his promise  
I'm covered, don't you worry  
I'm covered, don't you worry  
Rest, on his promise  
Rest, on his promise  
I'm still singing, I'm still shouting  
I'm still dancing, I'm still praising  
I'm covered, I'm not worried  
I'm covered, I'm not worried  
I'm covered (Follow Lead)
