

Tongue Tied

Ysabelle Cuevas

Too tired, too tired
I've been killing every real emotion
Tiptoed through life
But I'm stuck in the same place
Tick tock, no time
Love has only left me feeling hopeless
But you got me
Tongue tied, tongue tied

Bedsheet ocean, Monday mornings
Wasting time with you (with you, with you, yeah)
Raw emotions, love drunk potion
Turn back time with you

Wait a minute, would you wait a minute
Could you change my life on a Tuesday night
Could you take a second, no more second guessing
Every verse I write 'cause you got me tongue tied

Tongue tied, tongue tied, yeah

No lie, if I
Reach the end of all the time I borrowed
You know, know I'd
Find you in another life
Got my hands tied
Caught up in your sweet devotion
Ooh, I got you
You got me tongue tied

Bedsheet ocean, Monday mornings
Wasting time with you (with you, with you, yeah)
Raw emotions, love drunk potion
Turn back time with you

Wait a minute, would you wait a minute
Could you change my life on a Tuesday night
Could you take a second, no more second guessing
Every verse I write 'cause you got me tongue tied

Tongue tied, tongue tied, yeah
Tongue tied, tongue tied
Yeah you got me tongue tied
Tongue tied, tongue tied, yeah
Tongue tied, tongue tied
Yeah you got me tongue-

Bedsheet ocean, Monday mornings
Wasting time with you (with you, with you, yeah)
Raw emotion, love drunk potion
Turn back time with you

Wait a minute, would you wait a minute
Could you change my life on a Tuesday night
Could you take a second, no more second guessing
Every verse I write 'cause you got me tongue tied

Tongue tied, tongue tied, yeah
Tongue tied, tongue tied
Yeah you got me tongue tied
Tongue tied, tongue tied, yeah (Bedsheet ocean, Monday mornings)
Tongue tied, tongue tied (Come on over)
Yeah you got me tongue-
