

Black Gold

Y&T

Black gold - bloody rain
Couldn't let her just walk away
Black soul - jealous rage
You lost control, now it's so insane

Black gold, black gold

Dark soul - truth it hides
Beneath the line of black or white
Black gold, black gold

You know you're guilty
You did it willfully
Lost control, then you got away
It doesn't matter, some day you'll shatter
And when you do it's gonna blow you away...

Black gold, truth dies
Money paints the color on your alibi
Black gold

Black gold, dark soul
Oh, no
