

# Don't Bring Me Down

Y&T

Cyber-troll  
With your cap locks on  
Such a drag  
Hatin' all day long

What'd your mama do to you boy  
To give ya such a fucked up attitude?

Oh, don't bring me down  
Don't bring me down  
Oh, keep comin' round  
Keep comin' round, now  
Oh, don't bring me down  
Don't bring me down  
Oh, just go away

You hate my band  
And you hate my name  
But you're here every day

Spread your hate like a hurricane  
Now, here's your fifteen seconds of fame

Oh, don't bring me down  
Don't bring me down  
Oh, keep comin' round  
Keep comin' round, now  
Oh, don't bring me down  
Don't bring me down  
Oh, you're such a drag  
Keep comin' round, now  
Oh, don't bring me down  
Don't bring me down  
Oh, just go away  
Just go away
