

Don't Wanna Lose

Y&T

When you said you'd be mine, girl
Did you mean it for all time
Or will my love be a memory
If you ever leave me lonely
Don't know just where I'd go
'Cause you got all I want
And I'll ever need

Don't wanna lose you (Don't wanna lose)
No, you can't say good-bye to our love
Don't wanna lose you (Don't wanna lose)
You got a fire burning my soul
Don't wanna lose your love

Now you showed me love can be, yes
More than pain and misery
That I felt before you
So hold on tight and don't let go now
Let the strength in our love grow
Just say you will for eternity

Don't wanna lose you (Don't wanna lose)
No, you can't say good-bye to our love
Don't wanna lose you (Don't wanna lose)
You got a fire burning my soul
Don't wanna lose your love
Don't wanna lose your love

When you said you'd be mine, girl
Did you mean it for all time
Or will my love be a memory
If you ever leave me lonely
Don't know just where I'd go
'Cause you got all I want
And I'll ever need

Don't wanna lose you (Don't wanna lose)
No, you can't say good-bye to our love
Don't wanna lose you (Don't wanna lose)
You got a fire burning my soul
Don't wanna lose your love
You've got to stay with me
Don't wanna lose your love
Please tell me that you always will
Don't wanna lose your love
Don't wanna, don't wanna, don't wanna lose
Don't wanna lose your love
Don't wanna, don't wanna, don't wanna lose your love
Don't wanna, don't wanna, don't wanna lose
I'll never find, never find someone like you
