

## Earthshaker

Y&T

Come on baby, what you goin' thru?  
You know my eyes won't get off you, baby  
You know what I'm thinkin', I'm gonna take you home  
You don't come now, I'll be all alone  
Well, I'm a mean earthshaker, baby  
I'm a cold, cold heartbreaker, yeah

Lets go, baby, we're gonna get on down  
Well, you fool with me tonight, I won't be your clown  
You fill my dreams just for tonight  
If you don't hang 'round no more, it'll be alright

Well, I'm a mean earth shaker, baby  
I'm a cold, cold heartbreaker, yeah

Come on baby, what you goin' thru?  
You know my eyes won't get off you, baby  
You know what I'm thinkin', I'm gonna take you home  
You don't come now, I'll be all alone  
I'm a mean earthshaker, baby  
I'm a cold, cold heartbreaker, yeah
