

Fast Track

Y&T

You got a dozen lovers, you got your nowhere friends
Who's gonna be there with you when you reach the end?
Dropping names at full speed, you've been everywhere
You try to make yourself look like a millionaire

Now you're on top
A man of the world
When you drop
There's nowhere to turn

You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
No, no

Technicolor dreamer in your fancy car
Think no one could like you for who you really are
Always play it cool, dude, 'til someone calls your bluff
What you gonna do when you can't back it up?

Now you're on top
A man of the world
But when you drop
There's nowhere to turn

You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
No, no
No, no, no
No, no, no
No, no, no

You're on top
A man of the world
But when you drop
There's nowhere to turn

You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
You're on a fast track, can't turn it back
Fast track, ooh yeah
You're on a fast track to a heart attack
Oh no, oh no
You're on a fast track

Ooh, you're on a fast track
Fast track to a heart attack
Oh no, oh no
No, no, no
N-n-no, no, no
N-n-no, no, no
N-n-no, no, no
Yeah

Fast track
Fast track
Fast track
N-n-no, no, no, no
Fast track
Fast track
Fast track
N-n-no, no, oh no
