

# Goin' Off The Deep End

Y&T

Baby, now you're lookin' so fine  
I bet she'd fit me like a glove  
Now, wait a minute, hold the line  
I ain't got time to be in love

I'm gonna set this world on fire, fire  
Do my livin' on the edge  
Take every shot, down to the wire, wire  
Burnin' up, burnin' up, movin' straight ahead

Oh, I'm goin' off the deep end  
Every day's a weekend, when I do it my way  
Oh, I'm goin' off the deep end  
Just tryin' to keep from sinkin' 'long the way

Sittin' on top of the world  
It's easy come and easy go  
In walks a beautiful girl  
Just in time to steal the show

It's stimulation by the hour, hour  
Chasing the good life day to day  
You like it loud, I like it louder, louder  
Turn it up, turn it up, we're goin' all the way

Oh, I'm goin' off the deep end  
Every day's a weekend, when I do it my way  
Oh, I'm goin' off the deep end  
Just tryin' to keep from sinkin' 'long the way

Baby, now you're lookin' so fine  
I bet she'd fit me like a glove  
Now, wait a minute, hold the line  
I ain't got time to be in love

I'm gonna set this world on fire, fire  
Do my livin' on the edge  
Take every shot, down to the wire, wire  
Burnin' up burnin' up, movin' straight ahead

Oh, I'm goin' off the deep end  
Every day's a weekend when I do it my way  
Oh, I'm goin' off the deep end  
Just tryin' to keep from sinkin' 'long the way

Oh, I'm goin' off the deep end  
Slip into a sun tan 'long the way  
Oh, I'm goin' off the deep end  
Livin' like a mad man every day
