

Rhythm Or Not

Y&T

You tear it up
From 1 to 4
That back beat rhythm's gonna knock down that door
Double time with a side step stride
You got everyone fall'n one beat behind

Rim shot rock
She's got it
Hey man look at those timbali's
Rim shot rock
She's got it
She's got that swing that puts
Sex on the brain

Rhythm or not
Here she comes again
Rhythm or not
Here she comes again

Bang that drum and ring that bell
Throw all my money down that wishin' well
Big bang boom with stiletto shoes
She's got me singin' those
"Please baby give me some" blues

Rim shot rock
She's got it
Hey baby do fries come with that shake
Rim shot rock
She's got it
She's got that swing that puts
Sex on the brain

Rhythm or not
Here she comes again
Rhythm or not
Here she comes again

Ooh, let me in
That rhythm drives me insane
Ooh, let me in
She's got that swing that puts
Sex on the brain

Rhythm or not
Here she comes again
Rhythm or not
Here she comes again
