

Somebody For Me

Y&T

I once had a lover
Jealous as a day is long
Suspicious mind, all of the time
Had to be moving along

Had a girl back in Oakland
She was hot but her heart was cold
It was all about the money
All about the show, I had to hit the road

Somebody, somewhere
Somebody for me
Somebody out there
Somebody for me

Oh, now that Suzie
She could talk so sweet
But she never told me 'bout her matrimony
The man but crucified me

I love all these woman
Maybe I messed up with love
Now I'm not complaining
All I'm just saying, it's hard on your own

Somebody, somewhere
Somebody for me
Somebody out there
Somebody for me

Somebody for me
Somebody for me

Oh baby, I know
You're out there somewhere

Somebody somewhere
Somebody for me
Somebody out there
Somebody for me
