

Struck Down

Y&T

Well, I've been struck down
By you, baby
Tortured too
Well, I've been put down
Made me crazy
Made a fool

Well, I ain't foolish
You better go away with your tricks
Struck down!
I can't take this

You know I can't take it
No more, no more

Well, I said goodbye
For the last time
Leave me alone
Pack up, pack up, baby
Away from my home

Well, I ain't foolish
You better go away with your tricks
Struck down!
I can't take this

You know I can't take it
No more
No more
No more
No more
