# Surrender

**Y&T**

I've got to talk about it
I've got to let you know
Tonight's the night to let my feelings show

Can't stop thinkin' 'bout it
Oh, I've been up all night
Just wonderin' if you'll take it wrong or right

Oh, I can't hold back
I didn't know that
I could feel this way for you

Well, I surrender all my love
Surrender
Baby, I surrender all my love to you

Such a strong desire
Has taken over me
Night and day, you're all I live and breathe

So, baby, think about it
You've got to let me know
Tonight's the night to let your feelings show

Oh, please don't hold back
I've got to know that
You could feel the same for me

Will you surrender all your love
Surrender
Baby, please surrender all your love to me
'Cause I surrender all my love
Surrender
Baby, I surrender all my love to you... all my love
