This Time

Y&T

Talk to me, you can talk to me
Oh, can't you see I've fallen in love with you?
So, warm inside, you took me by surprise
And I need to hear you tell me, that you feel it too

Darling, I've been so afraid
To share what's on my mind
But I believe you're just like me
And I can trust in you this time, this time

So patiently, I've been waiting patiently
For a thousand years I lay alone
But now you're here with me

And with you each night
I feel the passion start to rise
I know the power of love my love
Is like a flame that never dies

The past is full of fallen stars
Of love that I've denied
But somehow I know we won't make
The same mistake this time

This time I don't have to be afraid
This time all the magic finally came
I surrender 'cause it's right this time

This time I don't have to make believe
Love is what we have and all we need
Warm and tender 'cause it's you and me this time

Enfolded in my loving arms
Is right where you belong
'Cause I could never run away
From a love that feels so strong
From a love that feels so strong

This time I don't have to be afraid
This time all the magic finally came
I surrender 'cause it's right this time

This time I don't have to make believe
Love is what we have and all we need
Warm and tender 'cause it's you and me this time

It's right this time and I surrender
'Cause it's you and me this time
