

Stutter

Yuck

Seeing pictures of you in the beginning
Seeing pictures of you when you were swimming
Seeing pictures of you when you were in love
Like a full moon I was watching from above

Time is on the outside looking in
Time is on the outside looking in

Seeing pictures of you I may have been dreaming
Seeing pictures of you they keep me believing

Time is on the outside looking in
Time is on the outside look and see

If I could send them on
If I could send them on
If I could send them on
trade your heart for mine
