Twenty-four hours

Fill me up

That sugar rush

A lemon placed

On crashing white waves

All my friends are here

Lying on the night

In a melting pot

You are my fantasy

I dreamed an unusual dream

When I take a bite

Sweet, like

I don't need no any other drama

It doesn't fade, lingering on my lips

What brushed my lips is red powder

This is the sweet trauma you made for me

I said all my friends are here

Lying on the night

In a melting pot

You are my fantasy

I dreamed an unusual dream

When I take a bite

Sweet, like

One bite, then another

Grab a bite

Spilling over and over

Sippin' again

Baby, you're just way too sweet, like
