And we know

Take me somewhere else
The time where I liked loneliness and excitement
I can't with this scent
Just let me get drunk

The cold air fills the sky if you'd touch me
Your scent riding the wind brushes my hair

Memories that bloomed past me
Makes me cry again
Holding you far away again
When winter comes again

Take me somewhere else
The time where I liked loneliness and excitement
I can't with this scent
Just let me get drunk

Can you see now?
The snow slowly falls unhesitantly
I'll sit down on you
My face with the cold wind in the winter
It's my heart that I want to touch
I'll take you somewhere else
It's coming up soon
You make up things that didn't make any sense
I'm your consonant and you're my eternal vowel
I think a lot will come
If you're cold, I'll put my fingers together
I can't see it
I'll be the mitten that wraps you around
Take me somewhere else
Lay down all your past burdens
Warm neither cold
We stay still after all the seasons

Take me somewhere else
The time where I liked loneliness and excitement
I can't with this scent
Just let me get drunk

I'll be alright (It's okay, I'll hold your hand)
Even if you go away (Don't go away)
I'll be okay (It's okay, I'll hold your hand)
Even if you run away (Don't run away)

I'll take you anywhere
Where I liked the excitement and warmth
I can't with this mind
And becomes an insoluble snowflake

I want you to be with me
On top of what you write with a short pencil
I wanna see my name
When I wake up
In our small house
There quite a lot of precious things piled up now
And we know
