

# The Edge

Living on the edge of time...

How was the night? Where did you go?  
How was the fight? Is it someone I know?  
Now we're coming out, playing for the show  
Now we stop the time, please let me know

Carry me back girls we like to clap  
Drums on my back, ...  
Now we're coming out, playing for the show  
Now we stop the time, please let me know

Living on the edge of time...

Lycky guys on road, two weeks ago  
But for tonight we don't know where to show  
Now we're coming out, playing for the show  
Now we stop the time, and now we keep the line

And now we stop the time, and now we keep the line...

Living on the edge of time...
