

## Powder Blue / Cascine Park

Yumi Zouma

I was only wondering  
Hour on the phone like  
Feel your reason start to shift  
You really think you could give yourself away?

Half a moment living in the sunsets of our youth  
I killed a world, was it enough to turn us loose?  
You never notice when my breathing gets loud  
But give yourself a break

Another summer in your eyes  
Another mind made up  
Nothing ever made you mine

Painting me powder blue  
Like the reflections in your room  
We could just take a day  
Acting around a double view

Turned up with a cracked wrist  
Honoring intentions  
Dancing in the pouring rain  
You don't deserve to miss every chance you get

I discovered that you wouldn't like to give up lust  
It makes me wonder if you'd ever give me trust  
I heard you think I'm not the quickest catch  
But you know I've got your flame

It's just a lovers bet to lose  
One o'clock I'll turn round  
To follow other paths you choose

Painting me powder blue  
Like the reflections in your room  
We could just take a day  
Acting around a double view

Counting the time in three  
Love's an illusion, hard to keep  
Splitting the dark in half  
To make it all fall back in peace

We're chilling through like it's just another day  
(I'll take your word for it)  
We'll treat the weeks like they're for free  
Though you softened your voice, I know exactly what you're supposed to do  
To the slick other boys, I could say anything I wanted to
