

Battle

Yuna

When we're in the moment
Feel like I'm higher than the mountains
When I get my way with you
Feel like I got something to prove

Every argument is like a spark
Like a spark
Start a flame
Boy, I feel your heart, feel you
And I don't blame you
Worlds apart, worlds apart
We're closer when it's said and done

Only when we fight
Yeah, you come alive
The love in your eyes
It shines through the night
Like fire and ice
Addicted to fights
Yeah, out of control
We can't let it go

It's a lil bit exciting
I'm thunder and you're lightning
Yeah, we're wounded, and we're sore
We can battle just a bit more

Every argument is like a spark
Like a spark
Start a flame
Boy, I feel your heart, feel you
And I don't blame you
Worlds apart, worlds apart
We're closer when it's said and done

Only when we fight
Yeah, you come alive
The love in your eyes
It shines through the night
Like fire and ice
Addicted to fights
Yeah, out of control
We can't let it go

If only you and I could let it go
Maybe we would both have control
If only you and I could let it go

Only when we fight
Yeah, you come alive
The love in your eyes
It shines through the night
Like fire and ice
Addicted to fights
Yeah, out of control
We can't let it go
