

## Easy

Yuna

Rainy days  
Pull the blankets and I see your face  
Lashes longer than mine, miles ahead  
Clever just like your old man

I wouldn't change a thing, no, I  
Wouldn't change a thing, though I  
Sometimes can't comprehend your vibe  
I wouldn't change a thing

I love this life better when you're in it  
Love this life even with the limits  
Perfect life, not a thing to worry about  
Even at our worst, we'll make it look

Easy, easy, easy  
We'll make it look  
Easy, easy, easy

I know I  
Made you sacrifice your dreams for mine  
Chasing some type of high  
And now I'm letting it all go

And it won't change a thing, no, I'll  
Still cling on to you, like I'm  
Just a little girl, oh I (I)  
I wouldn't change a thing

I love this life better when you're in it  
Love this life even with the limits  
Perfect life, not a thing to worry about  
Even at our worst, we'll make it look

Easy, easy, easy  
We'll make it look  
Easy, easy, easy
