

# Invisible

Yuna

Thought that maybe I could  
Explain the way I love you  
But you don't even know  
I would look down on the floor  
Every time you're passing through

These girls don't even know you  
But why they say they love you  
Wish I could hold your hand maybe  
Make you understand that my day starts and ends with

You, my baby  
I keep thinking  
Maybe one day  
I could make you see me  
As more than just a friend  
Oh you're my baby, I keep falling  
I'm just scared this love for you will stay this way  
But to you, I'm fading away

Invisible  
Invisible  
I'm tryna exist in your world  
Invisible

Maybe if you listen  
The way my heart beats for you  
Drown away the noise baby  
Focus on my voice I'll be strong enough to tell you  
Yeah yeah

These girls don't even know you yeah  
But why they say they love you  
Wish I could hold your hand maybe  
Make you understand that my day starts and ends with

You, my baby  
I keep thinking  
Maybe one day  
I could make you see me  
As more than just a friend  
Oh you're my baby, I keep falling  
I'm just scared this love for you will stay this way  
But to you, I'm fading away

Invisible  
Invisible  
I'm tryna exist in your world  
Invisible

Oh my baby  
I keep falling  
You're my baby  
Oh ooh  
You're my baby  
I keep falling  
You're my baby

Yeah

Oh my baby  
I keep falling  
Oh my baby  
Can you see me, baby?  
Oh my baby  
I keep falling  
Oh my baby
