

# Make A Move

Yuna

Staring in space  
I'm on my bed  
Makin me feeling  
Some type of way

It's only 2  
Are you awake  
There's a lot I gotta say

I got it on replay  
The minute I saw your face  
Even if you know my name  
I know  
That won't be it for you babe

Can't wait any longer  
Could be too late  
I gotta make my move on you  
Display my affection  
Is it too late?  
I wanna make my move on you  
Wanna make my move on you

Don't wanna wait  
Til 'coulda been'  
If I get your number  
Your phone gon'  
Ring ring ring

It's only 2.02 am  
I'm coming up with a plan

I got it on replay  
Got a strategy  
Even if you're far away  
I know  
We'll be together again babe  
Tellin' you it's real babe

Can't wait any longer  
Could be too late  
I gotta make my move on you  
Display my affection  
Is it too late?  
I wanna make my move on you  
Wanna make my move on you  
Wanna make my move on you

Can't wait any longer  
Could be too late  
I gotta make my move on you  
Display my affection  
Is it too late?  
I wanna make my move on you  
Wanna make my move on you
