

# Super Something

Yuna

You see  
I was nothing more  
Than a girl who wished  
For something different  
Watchin' her dreams  
From a distance

You see  
When you came in  
It's a different game  
You believe in me so much  
You turn me from nothing to a girl  
Who's super-something

You'll see  
I'm better  
I'm faster  
Stronger  
I'm happier  
When you by my side  
(Ku lalui semua dengan senyuman di wajahku)  
You'll see  
I'm better  
I'm faster  
Stronger  
I'm happier  
When you by my side  
(Ku tempuhi semua kerana engkau di sisi ku)

The truth is  
I was never more than this  
Something kept me from reaching out  
For something  
But my heart is wanting  
What it's looking for  
Then you came  
You turn me upside down  
I'm no longer afraid  
Of chasing  
Possibilities  
I'll be the last one standing
