

These Streets

Yuna

I patiently waited for something to replace my dark
I got out of my bed coz' I couldn't sleep, I took my car
It's beautiful moonlit road tonight
I've got no one here by my side
I used to walk under these lights with you

And even if you left a long time ago
I miss you so
And even if you left a long time ago
I miss you so

And it's hard to tell
If you'll ever come again
And it's hard to tell
If you felt this with someone else

I've always known
I was never your muse
Never looked at me the way I look at you
And you always say that you love me more
But you never show it to me before
I'll always know I was never your muse

And even if you left a long time ago
I miss you so
And even if you left a long time ago
I miss you so

And it's hard to tell
If you'll ever come again
And it's hard to tell
If you felt this with someone else

And it's hard to tell
If you want to remember this
And it's hard to tell

And it's hard to tell...
