Yung Baby Tate

Hey, how ya doin', lil' daddy, lemme talk to you dirty
Venus in Gemini, I like to get flirty
I'm a slim thick bitch, yeah, my body hell a curvy
Knees like a stallion, ride your face like a derby
Or we could 69 from 6 to 7:30
I'ma never turn down no brain, I'm hell a nerdy
And I know all the ways to please, I'm a geek
I'm a generous freak, I like to hear all the squeaks, like
That's perfect, all of my exes miss the way I work it
Doing acrobatics, let me take you to the circus
Throw it in a circle and bring it right back
I got that water but it's nothing like tap
Take a sip, just a lil' nightcap
Mmm, yeah, just like that
The way you lookin' at it, I can tell you like that, but

Wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
It ain't never been tight like this
Wait
Wait
Wait
I know it ain't never been tight like this

Like b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am
Never been tight like this
Like b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am, b-am
I know it ain't never been tight like this

Call yo BM, tell her you don't wanna see her no mo'
You found some tighter coochie out here in the streets with the hoes
Ay, call yo BM, tell her you don't wanna see her no mo'
You found some tighter coochie out here in the streets with the hoes
On God

This type of grip make a shark get jealous
I put Gorilla Glue out of business
This grip make him forget he got exes
I make a cheater wanna kill his mistress
That bitch pussy real loose
This pussy so tight that he call it lil' noose
Big fat cameltoe, not a lil' moose
Oh, you having a bad day, babe? Let me give you a lil' boost
This that bam-da-bam, the bang bang
Heads up, babe, I hope you can hang
I get evil, I be doing kegels
Just to make sure that it stay like a needle
Never gotta worry 'bout a noodle
Keep him on the leash like a poodle
It might be hard, but I'm tryna be a strudel, not a Twinkie
'Cause you was already pressed to link me

So wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
Wait till you feel this grip, lil' daddy, mmm
Wait till you feel this grip
It ain't never been tight like this
Wait
Wait
